Ontario's Feed-in Tariff (FIT) program is ever adapting to the new renewable industry it fosters. Attendees to this conference will navigate FIT's permits and approvals process and domestic content requirements while learning pragmatic lessons from experienced industry professionals. The program will address current regulatory and commercial challenges and opportunities, including grid connectivity, transmission expansion, and system reliability issues. It will also address financing FIT projects, what M&A options are available, and who the major players are in the field. Finally, it will outline FIT's strengths and weaknesses and provide a road map for FIT's future development.

Regulatory presentations from:

- Ministry of Energy - Pearl Ing, Director of the Renewables and Energy Facilitation Branch, Renewables and Energy Efficiency Division
- Ministry of Environment - Doris Dumais, Director, Approvals Program Environmental Assessment and Approvals Branch
- Ontario Ministry of Natural Resources - Ken Cain, Manager, Renewable Energy Program
- Ontario Power Authority
 - Jim MacDougall, Manager, P.Eng, Feed-in Tariff Program
 - Bonnie Hiltz, Manager, Renewables

Additional all-star lineup of speakers:

- Stikeman Elliott
 - Glenn Zacher, Partner
 - Jason Kroft, Partner
 - Eric Bremerman, Partner
- Independent Electricity System Operator - Darren Finkbeiner, Manager, Market Development
- Algonquin Power - Joshua Gillespie, Manager, Project Finance
